CHOOSE A PROGRAM, CHANGE A LIFE

LEXI'S STORY

Every dollar you give to Kids to Love makes a life-changing impact on the foster youth we serve. More often than not, we meet their needs in more than one way.

Look at Lexi's story. She connected with Kids to Love in 2017 because she needed a college scholarship. Since then, Lexi has lived at Davidson Farms, graduated from KTECH (where she shared the stage with Ivanka Trump), and, through continued scholarship support, is pursuing her dreams.

You don't have to look far to see the difference your gift to Kids to Love can make, whether building a family at Davidson Farms, giving hope with trauma therapy, or creating opportunity through career training at KTECH, just to name a few.

As you flip through these pages, we want you to see that your donation has power. Choose a program and you will change a life.
